

## Upper Fraser Region Legend

### Settlements By Population

- |               |            |                                |
|---------------|------------|--------------------------------|
| ● > 70 000    | — Highways | ■ Indian Reserves <sup>1</sup> |
| ● 1000 – 5000 | — Roads    | ■ Protected Areas              |
| ● < 1000      | — Railways | — First Nations Language Group |

<sup>1</sup> First Nations communities are reflected on this map by Indian Reserve location. It is important to note that reserves were established during European colonial settlement and do not reflect the pre-contact settlement patterns, use and management of traditional territories, or title and rights of First Nations in BC, which are being defined through treaties and the courts. In addition, many First Nations people live off reserve.
